"To provide an excellent, high level and qualitative service in a challenging business environment, where professionalism and carrier development is encouraged."

EXPERIENCE

ACCESS BANK PLC

Dispute Settlement and Reconciliation

- Raising a chargeback for declined transactions
- Settlement for customer transactions
- Resolve the customer's complaint return on us (ROU) / not on us (NOU).
- Liaising with other banks for unclaimed transactions
- Provides a valid journal for declined transactions and engages the acquiring banks/Interswitch for wrong journals.
- Perform daily settlement and reconciliation of high-volume interbank and electronic payment transactions across multiple payment channels.
- Review of exceptions to ensure that entries in the GL proof are reconciled/matched off.
- Ensuring timely reconciliation of all transactions done on the bank's E-channels & other terminals, ensuring that accounting systems and GLs reflect the correct transactions.
- Monitoring of the bank's transactions to detect irregularities and liaising with banks or switches where there are discrepancies.
- Reconcile credit card transactions (Dual Transaction Service) and liaise with banks, Unified Payments, and other counterparties to resolve transaction issues.
- Escalate exceptional or aged items and identify potential errors within the organisation's General Ledger accounts.
- Collaborate closely with internal teams to streamline processes and improve workflow efficiency.
- Monitoring and ensuring the timely settlement of transactions within specified deadlines.
- Lead and facilitate weekly GL review meetings to ensure accuracy and completeness of financial records.
- Uploading settlement entries for audit and documentation trials to support compliance, internal controls and regulatory review and generating settlement reports.
